We Listen We Care We Get Results™

For over 40 years, the lawyers of Cummings Andrews Mackay LLP have worked hard to establish a tradition of legal excellence.

We have successfully argued Canadian precedent setting injury cases at all Court levels, including the Supreme Court of Canada, which only hears matters of national importance.

The Alberta government has made dramatic changes to the way victims of automobile accidents are compensated. It is critical that victims know and understand their rights.

Before you settle, call Cummings Andrews Mackay LLP for a free consultation. Don't take the insurance company's word that your claim is capped.

- No fees or expenses unless your case is successfully finalized. No hidden costs.
- We are leaders in injury law, setting the standard in Canada. By choice we only represent the injured. We do not act on behalf of insurance companies.
- Despite our extensive experience and precedent setting results, our percentage fees are competitive with, and often lower than, other law firms. We invite you to compare.
- We often assist other law firms with difficult cases.
- We have achieved court awards and settlements reaching \$5 million lump sum and \$30 million in structured settlement tax free payments (awards vary and are dependent on many factors including severity of injury, duration of loss and overall impact on your life).
- Our success with out-of-court settlements will likely save you the stress of court appearances.
- Serving you and your family is our priority. Our dedication to you goes far beyond our contract. Call today at no cost or obligation for an initial meeting. Hospital and in-home consultations can also be arranged.
- Although significant changes have been made to Motor Vehicle Insurance Law in Alberta, those new laws are being challenged in court and may be reversed.
- References are available from doctors, other experts and our clients. Call for our free information brochure.
